

Wisconsin DNR 2012 Forest Tax Law Printout Price Lists

This form is used to request forest tax law printouts for land open to public access. Land enrolled in the Forest Crop Law (FCL) is open to the public for hunting and fishing. Land enrolled in the "Open" category of the Managed Forest Law (MFL) is available to the public for hunting, fishing, hiking, sight-seeing, and cross-country skiing. (Under the Managed Forest Law, the landowner has the choice to enroll the land as open or closed to the public. Higher property taxes are paid on closed land. It is the landowner's responsibility to post closed land.)

Although you need not ask permission to go onto Forest Crop Law land or open Managed Forest Law land, please respect the landowners' rights. Vehicular access does not have to be granted. Do not litter or damage the property. If the landowner has identified access lanes, stay on the lanes and be sure to close gates. As a courtesy to the landowner, you may wish to let the owner know if you will be on the property, especially if the landowner lives near the site.

Printouts offered by the DNR only show survey descriptions as reflected on MFL or FCL orders. You will need to reference plat books, which map ownership boundaries, roads, rivers, lakes, and some other physical land features. Plat books are available at county clerk offices, libraries, and by direct order from the publisher. (The plat books for each county cost between \$45.00 and \$50.00 each.)
